## **The History of Newmarket: And the Annals of the Turf: with Memoirs and Biographical Notices of the Habitúés of Newmarket, and the Notable Turfites, from ... the End of the Seventeenth Century Volume 3**

That geography provided political discourse and the creation of the Italian nation with solid anchorage is attested by the significance that representations of the territory and their circulation through cartography - especially on a small scale - assumed for the construction of a national identity which has remained somewhat weak, in truth and the establishment of a spirit of belonging. Though the great medical books were not then as available and as cheap as they had been a generation before, still they had not anywhere reached their present rarity, popularity, and price.
